#### Short CV:

Chrysianna Psarologaki was born in 2001, in Heraklion, Crete and is currently an undergraduate student of the Department of Biology (UoC), with a specialization in Molecular Biology and Biotechnology. Her scientific interests span multiple fields and she has developed practical skills in microbiology and plant biotechnology while working on her BSc thesis in Sarris-Lab. Her passion and academic curiosity led her to acquire a leading role within iGEMCrete (Head of Human Practices, 2021-2022), acquiring the silver medal in the international competition. Beyond academic pursuits, she is passionate about giving back to the community and has been volunteering at organizations, such as International Testing Agency, TEDxUniversituofCrete and ESNUoC, promoting community engagement, and cultural exchange. Moreover, Chrysianna can communicate in English (C2), German (C1), French (B2) and Greek (native), and enjoys practicing Brazilian Jiu Jitsu and Karate shito ryu (having acquired a black belt rank and multiple championship titles) for over a decade.
