

P.N. 10170 - 3/10/2017

# One (1) part-time Postdoctoral Researcher Position

## [Ref#ORZ-0053]

The research group of Biosensors of IMBB under the European Program

• H2020-FETOPEN-1-2016-2017-GA737212, entitled: "Capturing non-Amplified Tumor Circulating DNA with Ultra-sound Hydrodynamics- CATCH-U-DNA"

coordinated by Prof. E. Gizeli, invites applications for one (1) part time Postdoctoral Researcher position.

Position Description: Liposomes as the means of signal amplification of an acoustic biosensor

**Qualifications:** BSc, PhD and post-graduate experience in biophysics; experience in liposomes formation and characterization as well as biosensors is highly desirable. Excellent knowledge of English and Greek is necessary.

Contract Duration: 9 months, renewable based on the program's needs

Total budget: 885 euros

Envisaged starting date: 1 December 2017

Application submission: Interested candidates should submit their application electronically by October 20, 2017 @ 13:00.

### The application should consist of:

1. CV

- 2. Brief statement of interest
- 3. The names of two referees

### **Evaluation procedure**

Applications will be evaluated by a three-member evaluation committee. In case of interview procedure, candidates will be invited to participate in person or teleconference.

The announcement of the results will be posted on the website of FORTH-IMBB.

The selected candidate will be notified personally regarding the success of his/her application and will be requested to submit certified copies of his/her degrees. In the event that the documents submitted to not agree with the original application the candidate will be dismissed.
