One (1) Postdoctoral Researcher Position
[Ref #ORZ-0030]

The research group of Neurogenetics and Aging of IMBB under the European Program **H2020-ERC-2015-GA695190**, entitled: "MacroAutophagy and Necrotic Neurodegeneration in Ageing- **MANNA**" (Program Coordinator, Prof. N.Tavernarakis) invites applications for one (1) Postdoctoral Researcher position with documented expertise in Bioinformatics.

Position Description: Genetic and molecular dissection of the role of organelle-specific autophagy in ageing-associated neurodegeneration.

Qualifications: PhD in Biology, documented experience in Biochemical assays with collective expertise in nematode genetics, at least one high impact factor publication, fluency in English.

Contract Duration: 12 months, renewable based on the program's needs

Total budget: 2.400,00 € cost per month

Envisaged starting date: February 1, 2017

Application submission: Interested candidates should submit their application electronically by **January 10, 2016 @ 12:00**.

The application should consist of:

1. CV
2. Brief statement of interest
3. The names of two referees

Evaluation procedure

Applications will be evaluated by a three-member evaluation committee. In case of interview procedure, candidates will be invited to participate in person or teleconference.

The announcement of the results will be posted on the website of FORTH-IMBB.

This publication confers the right to object to the results within 5 working days of the date of the results announcement.

The selected candidates will be notified personally regarding the success of his/her application and will be requested to submit certified copies of his/her degrees. In the event that the documents submitted to not agree with the original application the candidate will be dismissed.
