

P.N. 8878 / 25-8-2016

One (1) Project Manager Position

[Ref # OPZ-0021]

Evaluation report regarding Postdoctoral Researcher Position [Ref # OPZ-0021] for the H2020-ICT- 2015 GA688207 program entitled “Automated diagnostic platform, data management system and innovative communication tool, for improving the impact of malaria vector control interventions – DMC-MALVEC” (Program Coordinator Prof John Vontas)

The above position was advertised in the FORTH and <http://ec.europa.eu/euraxess/> site for 15 days. As a response to the call, one (1) application was submitted from Dr Evangelia Morou

The position calls for an experienced multidisciplinary researcher with a PhD in Biology/Molecular Biology/Biochemistry, experienced in managing European Commission structures, with desired experience in vector control and molecular biology.

Dr Morou Evangelia has experience in managing projects since she was responsible to generate financial reports for more than 15 research projects and was also generating Form C and financial reports for two projects in FP7 frame (such as AVECNET). She is also experienced in Horizon 2020 projects. She is also experience in vector control and molecular biology, with 22 publications in peer reviewed articles, *h* index 11 and 380 citations.

The evaluation committee decided that **Dr Morou Evangelia** is qualified for this position.

The evaluation committee:

John Vontas _____

Inga Sinden-Kiamos _____
