REPORT
Postdoctoral Researcher Recruitment

IMBB-P.N.: 9422
24/4/2017
According to the Grant Agreements for LOVE-FOOD-2MARKET-GA687681 & LIQBIOPSENS-GA687785, we have posted the advertisement for one (1) postdoctoral researcher position in life sciences at the E. Gizeli laboratory. The text for the open positions posts has been published on April 3, 2017 (IMBB P.N. 9373/3-4-2017) at the website of the Institute of Molecular Biology and Biotechnology-FORTH (http://www.imbb.forth.gr/jobs/030417_anarthsh_job.pdf), the EURAXESS portal and the DIAYGEIA System ADA: 60ΛΓ469ΗΚΥ-Β11.

The desired qualifications of the applicants involved BSc, PhD and post-graduate experience in molecular biology, micro-nano systems and biosensors. Excellent knowledge of English and good knowledge of Greek.

Two applications were submitted to the Principal Investigator (PI) in charge i.e. Electra Gizeli in response to the advertised position (Ref # OPZ-0041).

Dr. Electra Gizeli, Dr. Kriton Kalantidis and Dr. Vasilis Bouriotis are the aforementioned scientists in charge on behalf of FORTH that consist the evaluation committee for the selection of postdoctoral scientist. The committee convened on April 24, 2017 and evaluated the applications that have been submitted for the open call regarding the position offered in the laboratory of Professor Electra Gizeli. The committee decided to offer the job to Dr. George Papadakis.

The selection was made on the basis of the education background of the applicant, his prior expertise and relevance in terms of his scientific focus to the programs aims and his publication record.

The applicant have been accordingly informed about the outcome of the evaluation process and he was invited to sign a contract with IMBB-FORTH.

Heraklion, April 24, 2017

The selection committee:

Electra Gizeli

Kriton Kalantidis

Vasilis Bouriotis
