### One (1) MSc Studentship Position

[Ref # OPZ-0056]

The research group of Neuronal metabolism and Synaptic Plasticity of the IMBB under the European Program **H2020-ERC-2016-StG-714983**, entitled: "The role of autophagy in Synaptic Plasticity–**NEUROPHAGY**" (Program Coordinator Dr. Vassiliki Nikolettou) invites applications for 1 MSc studentship position, with expertise in mouse behavioral tests.

**Description:** The position will deal with the phenotyping of mice bearing autophagy ablation in diverse neuronal populations.

**Qualifications:** prior documented experience in animal behavioral test. Fluency in English is required.

**Contract Duration:** 10 months

**Total budget:** 480 € monthly

**Envisaged starting date:** 1 January 2018

**Application submission:** Interested candidates should submit their application electronically by **November 10, 2017 @ 13:00**.

#### The application should consist of:

1. CV
2. Brief statement of interest
3. The names of two referees

#### Evaluation procedure

Applications will be evaluated by a three-member evaluation committee. In case of interview procedure, candidates will be invited to participate in person or teleconference. The announcement of the results will be posted on the website of FORTH-IMBB. This publication confers the right to object to the results within 5 working days of the date of the results announcement. The selected candidate will be notified personally regarding the success of his/her application and will be requested to submit certified copies of his/her degrees. In the event that the documents submitted do not agree with the original application the candidate will be dismissed.
