ΑΔΑ: 7ΞΩΩ469ΗΚΥ-76Γ

According to the Grant Agreement for NEUROPHAGY-714983, we have posted the advertisement for one (1) MSc studentship in life sciences at the Nikoletopoulou laboratory. The text for the NEUROPHAGY's open positions posts has been published on June 23, 2017 at the website of the Institute of Molecular Biology and Biotechnology-FORTH (http://www.imbb.forth.gr/jobs/230617 Nikoletopoulou.pdf) (P.N. 9894/23-6-2017, ADA: 60MN4HKY-507). The desired qualifications of the applicants included a degree in Science, fluency in English, and expertise in neurobiology and electrophysiology.

Each applicant has submitted their application as complete .pdf files to the Principal Investigator (PI) in charge i.e. Vassiliki Nikoletopoulou in response to the advertised position (Ref # OPZ-00458); the PI archived all the applications. The number of applications that have been received is one (1) The applicant was Ms Angeliki Kolaxi.

Dr. Nikoletopoulou, Dr. George Garinis, Dr. Kosteas are the aforementioned scientists in charge on behalf of FORTH that consist the evaluation committee. The committee convened on August 29, 2017. After examination of the application and the interview with the candidate, the committee decided to make an offer to the applicant Angeliki Kolaxi. Ms Kolaxi has an undergraduate degree in Physics and has been studying Neurobiology in the Brain and Mind program as a graduate student. Moreover, she has extensive hands-on expertise in electrophysiology which is directly relevant to her duties in this position.

The applicant has been accordingly informed about the outcome of the evaluation process and was invited to sign a contract with IMBB-FORTH.

Heraklion, 30 August 2017	
The selection committee:	
Vassiliki Nikoletopoulou, PhD	
George Garinis, PhD	
Theodoros Kosteas, PhD
