Description of Interests

Surname(family name): .............................................. First name: ..........................

HOW TO FILL OUT THIS FORM
Please explain the reason(s) why you wish to specialise, or to carry out research in the chosen area. Refer to theoretical, technical, experimental and/or other interests, and explain in what way(s) your present background and your future post-graduate studies at the University of Crete will help you to realise these aims and further your long-term career prospects. You may give relevant information about your academic and professional occupation.
