Invitation Letter

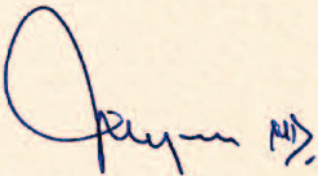

Dear Colleagues,

The 3rd Summer School of Immunology, organized by the Department of Pathophysiology, School of Medicine of the University of Athens, will be held from 27 June until 1 July 2011 on the picturesque island of Spetses in Greece.

The aim of the Summer School is to provide students and starting postdoctoral researchers insight into basic immunology and recent developments, while promoting their interaction with distinguished researchers from Europe and the US. The Summer School will consist of lectures, discussions and poster sessions allowing students and postdoctoral fellows to present and discuss their work.

We would therefore like to invite you to support our effort by displaying posters in your department and encourage your best PhD students and starting postdoctoral researchers to attend. As space is limited to 100 participants, early registration is encouraged.

Yours sincerely,

Athanasios G. Tzioufas, MD

On behalf of the Organizing Committee

Call For Abstracts

Abstract submission opens on March 1st 2011 and ends on May 3^d 2011. All participants are invited by the Scientific Committee to submit their abstract/s to the seminar secretariat along with their registration application.

Online Abstract Submission

Abstracts can be submitted online through the congress website:

www.immunologysummerschool2011.gr

or by e-mail to the following address:

congress@pco-convin.gr

Guidelines

Abstracts can only be submitted in MS Word document, using Arial font, 10 pt and should not exceed the maximum length of 250 words (excluding the title and the names of the authors and institutes)

1. The abstract must contain the full title in capital letters (CAPS) and the authors' names and affiliations in lower case.
2. The presenter's name must be underlined.
3. The author can state his/hers preference for the type of presentation (submission type: oral or poster). The final decision will be made by the Scientific Committee
4. A registration to the congress of at least one of the authors of an accepted abstract is mandatory

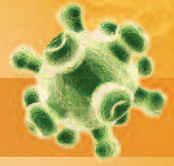

Please structure your abstract using the following headings:

- Objectives
- Materials and Methods
- Results
- Conclusions

Important Information

- Please make sure that you indicate the presenter of the abstract and supply a valid e-mail address. The receipt of your abstract submission will be confirmed by e-mail from the congress secretariat, within 3 working days. In case you don't receive a receipt confirmation within 3 working days, please contact the congress secretariat.
- It is obligatory that, at least one of the authors of a submitted abstract should be registered by May 3rd 2011, in order for the abstract to be included in the review process.
- Upon completion of the evaluation of the abstract by the Scientific Committee, the authors presenting will be notified by e-mail.
- Withdrawal or correction of a submitted abstract can only be accepted until the abstract submission deadline. Changes, additions or corrections will not be accepted after May 3rd 2011.
