

PhD position available

Title: **Study of polysaccharide deacetylases from *Bacillus anthracis***

Supervisor: **Prof. V. Bouriotis, Dept. of Biology, Univ. of Crete & IMBB-FORTH, Crete**

Labwebsite: <http://www.imbb.forth.gr/people/bouriotis/index.html>

Two PhD positions are available to work on the expression, purification, biochemical and structural characterization polysaccharide deacetylases from *B.anthraxis* and design of inhibitors with antibacterial action of. The successful candidate will collaborate in an international and interdisciplinary research project sponsored by the Greek Ministry of Education. For more information please visit the lab website at <http://www.imbb.forth.gr/people/bouriotis/index.html>. Individuals applying for this position must hold a B.Sc and an M.Sc. degree in Biology, Biochemistry, Chemistry or equivalent. There is no restriction to the applicant's nationality. Applicants should send a detailed CV and names of at least 2 referees to the following address: bouriotis@biology.uoc.gr.
