

All you need to know before you apply for an ERC grant

The information session will focus on the recent novelties introduced in the European Research Council (ERC) Calls (StG, CoG, AdG, SyG, PLUS). ERC funding is for researchers at all stages of their career after PhD. After a quick introduction to the types of Calls, insights will be provided on the changing evaluation methodology and guidance will be given on the new proposal structure. The talk will be followed by testimonials by an ERC Panel Member and by an ERC recent grantee. Do come to ask your questions before you embark on a successful ERC grant application journey!

**Dr. Ino
AGRAFIOTI**

**ERC Panel
Coordinator**

The session will be presented by Ino Agrafioti (BA Biological Sciences University of Oxford, PhD Imperial College London) who has been working at the ERC Executive Agency as the LS1 (Molecules of Life: Biological Mechanisms, Structures and Functions) Panel Coordinator for the last 10 years.

Host: Domna Karagogeos
