One (1) Postdoctoral Researcher Position
Position Ref. No PD-0374

Postdoctoral Researcher Position

The research group of Human Genetics & Precision Medicine (HuGePM) of IMBB/FORTH, Crete, Greece (<https://www.imbb.forth.gr/el/research-el/item/5980-konstantinos-stratakis>) is interested to employ a senior postdoctoral researcher.

Qualifications:

The successful candidate should have a background in following:

Classic molecular biology techniques and cell line work including the newest ones (CRISPR/CAS9), good familiarity and use of bioinformatics, experience with handling transgenic animals, mice and if possible (not required) zebrafish or fruitflies, human and mouse genetics.

Contract Duration: 18 months, possibly renewable based on the program needs. Salary: 2400,00€–3200,00€ / month (including taxes and social security contributions)

Envisaged starting date: April 2022

Application submission: Interested candidates should send their application by **March 15, 2022** to pd0374@imbb.forth.gr.

The application should consist of:

- 1.CV
2. Brief statement of interest
- 3.Names and contact details of two referees.

Evaluation procedure: Applications will be evaluated by a three-member evaluation committee. Short listed candidates will be invited to participate in person or teleconference interview. The announcement of the results will be posted on the website of FORTH-IMBB. It is not guarantee that somebody will be employed. The selected candidate will be notified personally regarding the success of his/her application and will be requested to submit certified copies of his/her degrees. In the event that the documents submitted to not agree with the original application the candidate will be dismissed.
