

P.N. 85-P/16878/18.10.2019

Two (2) Postdoctoral Researcher Positions

[Ref # OPZ-0175 & ORZ-0176]

The research group of Molecular Entomology/ Pesticide Science Lab of IMBB under the European Program **H2020-INFRAIA-2016-2017/H2020-INFRAIA-2016-1**, entitled: **“Research Infrastructures for the control of vector-borne diseases – INFRAVEC2”** (Scientific responsible John Vontas) invites applications for two (2) Postdoctoral positions.

Info about the project: The overall objective of the INFRAVEC2 project is to integrate key specialized research facilities necessary for European excellence in insect vector biology, to open the infrastructure for European access, and to develop new vector control measures targeting the greatest threats to human health and animal industries. The goal of the Infravec2 project is to build a durable European infrastructure to control insect vector-borne disease, including with power to predict and prevent the inevitable next epidemic outbreak in advance.

Qualifications:

ORZ-0175

PhD in Biology/Molecular Biology/Biochemistry; experience in molecular diagnostics and/or molecular entomology and/or mosquito-vector biology and/or insecticide resistance. The successful applicant will undertake part of the insecticide resistance characterization and genotyping and should also be adaptable and able to work under different conditions and with a range of people in a multicultural environment, as well as flexible to travel for short periods of time.

Excellent knowledge of English and Greek.

Submission of applications: orz0175@imbb.forth.gr

ORZ-0176

PhD in Biology/Molecular Biology/Biochemistry; Experience in insecticide resistance and cell culture techniques. Proven record of protein expression and assay development skills is also desirable. The successful applicant should have the ability to collaborate in a team and also to have experience in managing European Commission projects, generating Form C and reports.

Excellent knowledge of English and Greek.

Submission of applications: orz0176@imbb.forth.gr

Contract Duration: 12 months, renewable based on the program's needs

Salary: 2.500 – 2.900 € monthly (including taxes and social security contributions)

Envisaged starting date: January 2019

Application submission: Interested candidates should submit their application electronically by **November 2, 2019, 13:00 (GMT +2)**, indicated the **reference number of the interested position**.

./..

The application should consist of:

1. CV
2. Brief statement of interest

Evaluation procedure

Applications will be evaluated by a three-member evaluation committee. In case of interview procedure, candidates will be invited to participate in person or teleconference.

The announcement of the results will be posted on the website of FORTH-IMBB.

The selected candidate will be notified personally regarding the success of his/her application and will be requested to submit certified copies of his/her degrees. In the event that the documents submitted do not agree with the original application the candidate will be dismissed.

GDPR Disclaimer
