March 19, 2021

Prof. Nikos Poulakakis joins IMBB as Collaborating University Faculty Member.

Professor Nikos Poulakakis is a Faculty Member of the Department of Biology of University of Crete and the Director of the Natural History Museum of Crete. His past and current research interest is on studies of the evolutionary history of organisms using molecular systematics, phylogeny, phylogeography, population and conservation genetics approaches. He will continue the activities of the Ancient DNA Lab and establish the program of Paleogenetics and Evolutionary Genetics with focus on the development of methods for the retrieval and sequence analysis of DNA from archeological and paleontological remains.
